Course Outline

This workshop in medical terminology will equip participants with basic medical terms and knowledge of their meanings that they may use and adapt in a variety of healthcare settings. Participants will learn common medical word roots for body regions and organs and procedural word roots and will discover how to assemble word roots into their combining form to create medical terms. Medical terms for colours, numerical and directional terms will be covered, together with common medical symbols and notations. Participants will discover common medical terminology and associated diseases and medical conditions of the systems of the human body.

Included in the Medical Terminology Training is:

- Medical Terminology (manual)
- Medical Dictionary
- Audio disk (if training is conducted via flexible/distance learning)

Course Units (Units of Competency)

The Medical Terminology Training is an accredited training programme. Upon successful completion of post course assessments, you will be issued with the following Statement of Attainment:

BSBMED301B Interpret and apply medical terminology appropriately

This Statement of Attainment forms partial completion of the requirements for BSB20107 Certificate II in Business and BSB31107 Certificate III in Business Administration (Medical).

Course Entry Requirements

- Sound language, literacy and numeracy skills
- Minimum Year 10 School Certificate equivalent

Course Duration and Course Delivery

The Medical Terminology Training is conducted via group workshop for one day or can be conducted via flexible (distance) learning at any time. This Medical Terminology Training is also included in our 4 day Medical Reception Training programme, but participants are able to attend only the Medical Terminology workshop.

If Students choose to undertake the Medical Terminology Training via flexible (distance) learning, the Student has ongoing access and support to a Training Assessor at all times to provide guidance and assistance in answering any queries in relation to the course content and assessments.

For private organisations, we are able to customise the Medical Terminology Training to cater for your individual needs and requirements for your employee training.

Course Fee

The Medical Terminology Training course fee is \$250.
